

# Talo recliner chair

**14183** The Talo recliner is a comfortable and well-designed recliner chair. The reclining mechanism guarantees a long-term seat comfort.

## Support

- The support is made of 2 solid beech sides, connected to each other by means of a solid beech cross beam.
- The side parts are connected to each other by means of a glued mortise and tenon joint.
- The sides are firmly connected to each other by means of a solid beech cross beam and a metal frame.
- The ergonomic design of the armrests makes it easy to stand up or sit down.
- Comfortable rounded armrests of  $\pm 7$  cm.
- All edges and corners have been rounded.
- The legs are equipped with synthetic glides.

## Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 47 cm.
- Upholstered with fire-retardant foam in 2 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.

## Backrest

- Made of an ergonomically preformed plywood shell of 12 mm.
- Upholstered with fire-retardant foam in 3 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.
- Can be continuously adjusted up to  $24^\circ$  by means of a gas spring.
- Thanks to a lever on both sides, the chair can be locked in every position.

## Colours

We would like to refer to our extensive colour gamut.  
Sample card + samples available on request.
