

# Fero Wooden relax chair

**07579** The Fero relax chair is equipped with a relax mechanism that has been especially developed for the care sector. The Classic mechanism can be easily adjusted by pushing yourself off a little from the chair, and this without using any levers. The optional “raising & sitting assist” provides ergonomic support for getting up and sitting down, thanks to the supporting seat movement.

## Support

- 4 beech laminated legs, connected to each other by means of solid beech support beams.
- 2 beech laminated armrests.
- Glued mortise and tenon joint.
- The sides are firmly connected to each other by means of a solid beech cross beam and a metal frame.
- The ergonomic front design of the armrests makes it easy to stand up or sit down.
- Comfortable rounded armrests of  $\pm 7,5$  cm.
- All edges and corners have been rounded.
- 4 design twin castors  $\varnothing$  100 mm with separate brakes.

## Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- Upholstered with fire-retardant foam in 2 different density zones to guarantee an optimal seat comfort.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 46 cm.
- The upholstery is finished with imitation leather and decorative stitching.

## Backrest

- Made of an ergonomically preformed plywood shell of 12 mm.
- Upholstered with fire-retardant in 3 different density zones to guarantee an excellent seat comfort.
- The upholstery is finished with imitation leather and decorative stitching.
- Synthetic and ergonomic push bar at the back.

## Legrest

- Made of a plywood board of 10 mm, upholstered with fire-retardant foam and finished with imitation leather.

## Classic mechanism:

- Easy adjustment in 3 positions, i.e. seat position, reading position, and relax position.
- The relax mechanism first raises the legs, after which it is possible to further incline the entire relax chair.
- Easy to adjust by just pushing yourself off, without needing a lever.
- Guaranteed optimal seat comfort in every position: when the relax chair is reclined, the angle between the backrest and the seat remains constant.
- Optimal leg support, thanks to the telescopic legrest.
- When the relax chair is put in the seat position, the legrest is turned inwards so that you can stand up without any problem.

## Colours

We would like to refer to our extensive colour gamut.  
Sample card + samples available on request.

## Accessories

We would like to refer to our  
accessory list.
